

INSPIRATION 2017

A YOUNG LEADERS OF VICTORIA EVENT

Working in the field of community living may mean long days of work filled with small victories and many challenges. As professionals we often focus on the difficulties instead of remembering the small but important achievements in our work day. Inspiration 2017 is an opportunity to come together with other individuals who work in the field. It is a time to connect with your colleagues from your own and other agencies. It is a time to take a break from your regular schedule and do something to rejuvenate yourself. It is time to remember why you chose this field of work.

This year, we will welcome a speaker from Family Caregivers BC and local advocates to share their experiences and wisdom from their perspective. We hope that Inspiration 2017 gives you the desire and motivation to continue supporting individuals with diverse abilities so well!

This event is hosted by the Young Leader of Victoria Committee.

Door prizes and appetizers will be provided.
